

A message from Norfolk County Council Fostering and Adoption Service

Dear Parish Councillor,

We have been informed that National Fostering Agencies unrelated to Norfolk County Council have been requesting Parish Councils to populate their village notice boards with recruitment posters.

As your Local Authority and a non-profit organisation, Norfolk County Council Children's Services would be delighted if you could extend your generosity to ourselves and display one of the selected posters attached in this email. Your support would be greatly appreciated at any time, but it would be even more welcome today, during one of the most challenging periods in all our lifetimes.

Now more than ever, we require people from all walks of life to step up and become either a Foster Carer or an adoptive parent. There are currently over 1,120 children in care within Norfolk and they need our help, as we now need yours.

We actively promote Norfolk families for Norfolk children and provide local support and training to make this happen. It's better for the children, the

families, and for the community as a whole. National Fostering Agencies, on the other hand, have placed children as far away as Wales.

We take great pride in the fact that 97% of our Fosters Carers would recommend us. We'd be equally delighted to have your backing, and we sincerely hope you can help support our service now and into the future.

Kind regards - Councillor John Fisher, Cabinet Member for Children's Services
