

Pathmakers is a charity helping people get out into the Norfolk countryside.

Its mission is to improve opportunities for everyone.

The trustees have asked us to publish this letter which will be of especial interest to the many footpath wardens in the county

Dear Councillors,

Norfolk Pathmakers is a Charitable Incorporated Organisation set up by the Norfolk Local Access Forum to promote access to the countryside. **We aim to become the go to organisation to assist communities and landowners to apply for funds from any source to upgrade and improve public rights of way for all users.** A new group of trustees has joined the Board recently. However, we need further trustees especially (but not exclusively) from people with good IT skills as well as an appreciation of the countryside and a commitment to pushing ahead in what will be a challenging climate for funding post Covid 19. If anyone is interested in joining this friendly group then please either contact Kate Mackenzie on 07916 984408 or go to recruitment@pathmakers.org.uk

Yours sincerely, - Simon Fowler – Chair
